CORRESPONDENCE

Assistant Commissioner for Patents
Washington, D.C. 20231

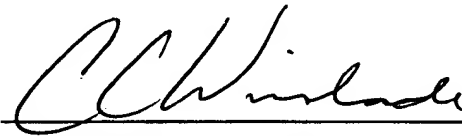

Dear Sir:

Applicant filed on June 20, 1997 a Rule 62 continuation application (now Serial No. 08/879,475) of the above-referenced application, along with a Request for a One-Month Extension of Time which authorized that the Request fee be charged to Deposit Account No. 13-0017. The Request referred to the outstanding action in the above-referenced application, but did not specifically refer to the above-referenced application by Serial Number. In an

abundance of caution, Applicant is filing herewith in the above-referenced application a Request for a Two-Month Extension of Time to ensure continuation co-pendency. If the Office finds that the original One-Month Request filed with the Rule 62 Application is sufficient, Applicant requests that the fee associated with the enclosed Two-Month Request not be charged.

Please direct any questions associated with this Correspondence to the undersigned at (312) 707-8889.

Respectfully submitted,

A handwritten signature in dark ink, appearing to read "C. Winslade", is written over a horizontal line.
